

Our events give you the opportunity to find out more about online learning and whether it's right for you. Please see our current timetable of upcoming events [here](#) - we update it regularly, so keep checking for updates.

Attend a webinar

Our webinars are designed to give you a more indepth overview of a specific course or subject area, with an opportunity to ask questions directly to our Academic Leads and Admission Advisors. You will also have the chance to experience Blackboard Collaborate, the same technology we use to run live classroom sessions. To join the webinar, you'll need internet access and might want to consider a microphone and camera. Or you can simply ask questions via text chat, which is similar to writing a short email or sending a text on your phone. Book your place at one of our webinars using the calendar [here](#) .

Visit us in real life

If you live in or around Derby or would like to visit us on campus you can attend a University Open Day. We hold open days at the Kedleston Road campus in Derby throughout the year and you'll find our Online Learning stand in the atrium between 10am and 3pm. You can discuss the course you are interested in with our Admissions Advisors and Academic teams for guidance about your application. Book your place at one of our open days using the calendar [here](#) .
