

Is your business seeking new market opportunities?

EBRI's new series of courses provides exclusive content for entrepreneurs and business leaders covering the fundamentals of bioenergy. In 2015, EBRI ran its first series of the course which received much acclaim by the local business community.

Our new team of world-leading scientists and researchers has designed a tailor-made course to introduce the practical skills, concepts and strategies your business needs to achieve success in the bioenergy sector. By 2020 this sector is expected to generate £12 billion of new market opportunities in the UK supply chain.

Topics covered

- Technologies & Feedstock
- Supply Chains
- Business Models
- Policy & Incentives

Register now – places are limited

EBRI will be running the two-day course at the following locations:

Birmingham: 15-16 March 2017

European Bioenergy Research Institute (EBRI), Aston University

Wolverhampton: 29-30 March 2017

Black Country Growth Hub, University of Wolverhampton Science Park

To register to attend one of these events email bioenergy@aston.ac.uk or call 0121 204 3383

Who should attend

SME business leaders and entrepreneurs in the West Midlands seeking:

- New opportunities in the bioeconomy marketplace including biomass, biorefining, bioenergy, biofuels and biobased products
- Expert advice and guidance to help develop bioenergy solutions that are right for their organisation

There will be no charge for eligible* companies to attend this event.

**SME businesses located within the following West Midlands Local Enterprise Partnership (LEP) areas: Greater Birmingham and Solihull, Black Country, Coventry and Warwickshire, the Marches, and Stoke-on-Trent and Staffordshire.*
